

Plugs & Connectors

Nema ratings for electrical “twist and lock” plugs, connectors, receptacles, flanged inlets and flanged outlets are used to specify the items’ electrical characteristics and physical configuration.

Specify the following Nema locking plug or receptacle for your required voltage:

VOLTAGE	NEMA Configuration for Non HiLo Application <small>(2 pole, 3 Wire Grounded, 20 Amp)</small>		NEMA Configuration for HiLo Application <small>(4 pole, 5 Wire Grounded, 20 Amp)</small>	
	PLUG	RECEPTACLE	PLUG	RECEPTACLE
120	L5-20P	L5-20R	L21-20P	L21-20R
208	L6-20P	L6-20R	N/A	N/A
240	L6-20P	L6-20R	N/A	N/A
277	L7-20P	L7-20R	L22-20P	L22-20R
347	L24-20P	L24-20R	L23-20P	L23-20R
480	L8-20P	L8-20R	N/A	N/A
600	L9-20P	L9-20R	N/A	N/A
